Dated 30/01/2020

Feedback Policy of D.A.V. College, Hoshiarpur

The performance and growth of a college is analyzed by taking feedback depicting whether college is providing quality education and delivering good performance. Thus, our college has designed a policy by making available feedback forms to stakeholders - students, faculty and alumni on different aspects. IQAC of the college has designed feedback forms and framework for analysing feedback received. The feedback forms covering curriculum and teaching aspect mainly are circulated among students once a year. Faculty and alumni of the college are also provided with the feedback form related to curriculum. The filled forms are forwarded to IQAC for analysis and report on analysis of feedback is forwarded to the Principal for further process and action.
